

Atlas Executive Air is a Malaga based, full service aircraft charter and Management Company.

We operate a fleet consisting of Falcons and Hawkers. Our reputable and established company offers premier air charter service for domestic and international flights.

Whether the schedule is for a one day trip or a multi-day, multi-leg trip, Atlas can accommodate any of your travel needs.

Aircraft Management

Atlas Executive Air is able to provide full aircraft management service to individuals, partnerships and corporations.

We have a team that is experienced in the operation of Large Medium and small aircraft that include Dassault Falcon, Cessna, Beechcraft and Hawker.

The company is able to provide you with a turnkey operation for the newly acquired aircraft or take charge of your existing operation. We handle all aspects of your flight operation, providing you with the safest and best service in the industry at the lowest cost possible.

Additionally Atlas is able to provide placement of your aircraft on its EASA Charter Certificate allowing your aircraft to generate revenue. Call us today and discover how our outstanding service can make your flight operation better.
