

SHIPPING AGENT & WORK BOAT OPERATOR

Our positive attitude and superb service will ensure your port calls are handled in an efficient, responsive way at all times.

Rock Maritime Services is a fully independent ship agent and work boat operator that appreciates the requirements and service level demanded by tight scheduling and changing plans.

Our head office in Gibraltar was set up in 1994, acting as bunker brokers and local port agents. The business has grown to be able to offer agency services at all ports in the Strait of Gibraltar, Spain, Canary Islands, Morocco and Malta.

- All types of agency representation
- Fuel / bunkering
- Crew changes – at the port of Gibraltar, either in the Bay, or at OPL.
- Sludge / Waste oil disposal / fresh oil supply / garbage disposal
- Spare parts logistics (first mile to last mile, globally, if required) & customs clearance
- All types of marine & bunker surveys
- Dry dock / maintenance & repairs
- Bonded goods / provisions / chandlery
- Underwater services / hull & propeller cleaning
- British Admiralty charts
- Competitive Cash to Master costs & options
- Dental & medical services

We have a friendly and efficient team at your disposal, ensuring all our clients' requirements, whether big or small, are met professionally and in the minimum time period.

For anything and everything you might need when calling all ports in the Strait of Gibraltar, Spain, Canary Islands, Morocco and Malta.
